Remote Structures Inc.
Box 1079
Golden BC V0A 1H0

Dear Mr. Kucera:

I am pleased to add my support to the Remote Structures Inc. run-of-river hydro projects at David Thompson Falls and Cedar Creek.

Adding clean, green power will contribute to the growth of the local economy. It will also help BC Hydro achieve its goal of having the most economic and environmentally friendly resource acquisition program in North America in the next five years.

My support for these projects does not diminish BC Hydro's responsibility to implement a reliable second transmission line into Golden.

I look forward to working with BC Hydro to improve power provision to the community of Golden.

Yours sincerely,

A handwritten signature in black ink that reads "Norm Macdonald".
